Portland Stock Market Shows Good Prices

Cattle - The week's trade began with only 950 head of cattle. Owing to a heavy demand for feeders the market was a brisk one and bulk of stuff was taken early in the day. Ordinary and fair grades sold on a little higher basis while best steers sold at \$6.75 for several lots. Most of them sold at \$6.50 to \$6.55. Cows and heifers met good demand at steady prices.

Hogs - The hog trading was a slow affair today. There was a moderate turn of 2400 head. Prices were 20c to 25c under last week's close. Tops sold at \$9.65 with bulk of sales at \$9.55 to \$9.65. Demand was limited. Last week closed with exceptionally large receipts for Saturday, 1600 head being received.

Sheep - A very good demand continues for choice lambs and sheep. A load of choice lambs sold at an advance of 15c Saturday bringing \$8.45. Yearlings selling at \$6.50 with bulk of ewes at \$5.00 to \$5.50.

RENEWED TESTIMONY

No one in Salem who suffer backache, headaches, or distressing urinary ills can afford to ignore this Salem man's twice-told story. It is confirmed testimony that no Salem resident can doubt. W. C. Johnston, 1021 Mill St., Salem, says: "I had pain in my back, across my kidneys. My back ached at night and I was lame in the morning. I tired easily and was languid and nervous. I also had headaches and dizzy spells and my sight blurred. The kidney secretions contained sediment and didn't pass often enough. I used Donnan's Kidney Pills and they soon relieved me. I am going to continue taking them expecting to be cured."

A Later Statement. On April 11, 1915, Mr. Johnston said: "It has been nearly two years since I have had occasion to take a kidney medicine. I couldn't recommend anything else to Donnan's Kidney Pills for lame back and kidney disorders."

Price 50c, at all dealers. Don't simply ask for a kidney remedy - get Donnan's Kidney Pills - the same that Mr. Johnston has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Gas Supply Again Normal; Demands Fully Met

The gas generators at the Salem Gas Plant were restored to normal condition Monday, and the reserve supply of gas at the plant is now normal.

The possibility of the gas supply being insufficient to meet the demands Saturday night was not experienced, as the operators of the plant were able to generate sufficient gas to meet the Saturday night requirements, which are unusually heavy as a rule, and therefore no inconvenience was experienced by anyone on account of the gas supply being low temporarily, as there was sufficient reserve supply on hand at all times to maintain nearly the standard pressure.

The management of the gas company expresses its appreciation of any co-operation that it may have received in this emergency, in response to its request through the columns of this paper recently.

The second carload of material for the new generator was received and unloaded Tuesday, and its erection will be started in a few days.

BRANCHED WHEAT FAULTY

Before paying 10 cents to a dollar for seed wheat or for seed or cuttings of so-called foreign plants, growers of Oregon are sure to find it to their advantage to write the Experiment Station, which is making every effort to protect them from the agricultural fakes. Seeds of the branched wheat nearly always lack uniformity, some being small and misshapen, some large. It is of poor milling quality. Common Oregon varieties such as White Winter, Kinney, Foise, Defiance, Red Fife, Forty-fold, Turkey Red, Bluestem and Early Bant, are better yielders than any of the branched foreign varieties experimented with in the Northwest.

FLAX TESTS SUCCEED

"The best experimental flax plots that I have seen this year," said C. H. Clark, assistant agronomist of the U. S. Department of Agriculture, in charge of flax seed investigations, upon examination of the experimental plots at the Agricultural college.

"Among the very best experimental flax fiber plots in this country," said F. C. Miles, Federal flax expert in charge of fiber flax investigations, in speaking of the same plots. Both of these experimental plots are in charge of G. R. Hyslop, chief of the Farm Crops department of the Oregon Experiment Station. About 500 flax selections provided by the federal government are being grown, and about 250 provided by O. A. C. Some of the varieties show exceeding promise and will be multiplied in acre tracts during the next year or so.

TOO WEAK TO FIGHT

The "come-back" man was really never down-and-out. His weakened condition because of over-work, lack of exercise, improper eating and living demands stimulation to satisfy the cry for a health-giving appetite and the refreshing sleep essential to strength. GOLD MEDAL Haarlem Oil Capsules, the National Remedy of Holland, will do the work. They are wonderful! Three of these capsules each day will put a man on his feet before he knows it; whether his trouble comes from uric acid poisoning, the kidneys, gravel or stone in the bladder, stomach derangement or other ailments that befall the over-zealous American. Don't wait until you are entirely down-and-out, but take them today. Your druggist will gladly refund your money if they do not help you. 35c, 50c and \$1.00 per box. Accept no substitutes. Look for the name GOLD MEDAL on every box. They are the pure, original, imported Haarlem Oil Capsules.

CHOPPING HELPS ALFALFA

By chopping alfalfa hay for feeding cattle, even after allowing \$4.50 per ton for the chopping, the Eastern Oregon Branch Experiment Station at Union was able to make gains at the usual cost and at the same time put on a little more finish. "The trouble with the fattening of steers on hay is that they often do not get quite fat enough for market," says Professor E. L. Potter, in reporting these experiments. "If there is any way in which they can be made to gain just a little more rapidly and take on a little more finish, it will be of immense benefit. It would seem from these tests that cutting the hay may be the solution."

PORTLAND MARKET

Wheat - Portland, Or., Sept. 6. Wheat - club \$1.29. Bluestem \$1.32. Fortyfold \$1.31. Red Russian \$1.28. Best No. 1 white feed \$25.50. Barley, feed \$32. Hogs, best live \$9.65. Prime steers \$6.75. Fancy cows \$5.25@5.05. Calves \$2.50. Spring lambs \$8.35. Butter - city creamery 24c. Eggs - selected local ex. 30c. Hens 14 1/2c. Broilers 16 1/2@17c. Geese 10c.

THE MARKETS

\*\*\*\*\* THE MARKETS \*\*\*\*\*

The wheat market is again on the rampage with a tendency for higher prices. Yesterday club in Portland was quoted at \$1.27 and the only reason the mills and commission men are not paying 12 cents less is because so much of the wheat brought in is weedy and will not grade No. 1 milling wheat. The local price appears to depend entirely on how clean the wheat is.

Muskmelon wholesale are cheaper and grapes are also down 25 cents a crate.

The wheat proposition is rather unusual this year. Formerly wheat was shipped east by boat. This year it all goes east by rail, mostly from eastern Oregon. Portland buyers for their eastern rail shipments deduct first the nine cents difference between eastern Oregon and coast points to points east. Then from Salem to Portland there is the 12 cents charge for sacking and freight, making a local price difference of 21 cents from the Portland club quotations.
